To whom it may concern:

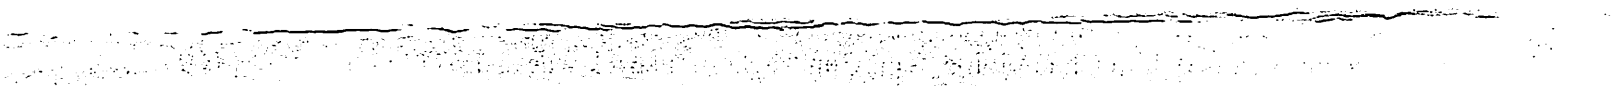

I was Patrick Crocetta's sales manger for 3 years. During that time I found that Patrick to be a dedicated, self -motivated, energetic zone manager. His ability to sign new accounts earned him Champion's "Top Gun " award. Patrick was an asset to our company. If the oppportunity came about I would hire Patrick again. I would recommend Patrick to any company.

Sincerely,

A handwritten signature in blue ink that reads 'John Copeletti'. The signature is fluid and cursive, with the first name 'John' being particularly prominent.
